Foundation Partner Network

As well as improving people's lives across Doncaster, Club Doncaster Foundation is passionate about building working relationships with businesses and organisations working across our community. Together we can make a significant difference to people's lives across Doncaster.

What impact can we have?

Any gift you can make will support our services in Doncaster and surrounding areas. Here are just some ways your donation can **make a difference to us**:

- ♥ **£3** could pay for one person to attend a **Fit Rovers session** to improve their physical and mental wellbeing.
- ♥ **£15** could pay for **5 people** to have a hot drink and snack at our **social café**.
- ♥ **£25** can cover a targeted **youth mentoring session** for vulnerable children across the City.
- ♥ **£50** could pay for one young person's entire **youth engagement experience**, where they will meet new people, experience an outdoor adventure, learn new skills for their CV and support their local community.

How can we work together?

At the foundation we believe a good working relationship delivers better outcomes than donations alone. That's why we not only offer a benefits package, but also support you to give back to your local community. We want you to see the incredible difference you make by supporting us.
