Partnerships & Opportunities

Foundation Partner Network

As well as improving people's lives across Doncaster, Club Doncaster Foundation is passionate about building working relationships with businesses and organisations working across our community. Together we can make a significant difference to people's lives across Doncaster.

How can we work together?

At the Foundation we believe a good working relationship delivers better outcomes than donations alone. That's why we not only offer a benefits package, but also support you to give back to your local community. We want you to see the incredible difference you make by supporting us.

What impact can we have?

Any gift you can make will support our services in Doncaster and surrounding areas. Here are just some ways your donation can **make a difference to us**:

- ♥ **£5** could fund a participants **Walk & Talk session** which tackles social isolation and Dementia
- ♥ **£25** could fund a targeted **youth mentoring session** for vulnerable children across the community
- ♥ **£100** could fund two young people's entire **youth engagement experience**
- ♥ **£500** could fund a **First Aid course for new mums** who attend our Fit Families programme
- ♥ **£1000** could fund new equipment and maintenance for our **community gym Foundation Fitness**
- ♥ **£5000** could fund a **Fit Rovers 8-week programme** for men and women, which supports mental, physical and social wellbeing

Take a look at our social media reach and imagine how good news stories about your donations could impact your business:
